Esneyder Monsalve

FULL STACK DEVELOPER

Profile

Experienced and innovative developer with 2 years of expertise in creating scalable and secure applications. Skilled in developing RESTful and GraphQL APIs, utilizing GCP technologies, and optimizing code for improved application scalability. Collaborative and adept at communication, ensuring successful stakeholder engagement. Proficient in Node.js, Express.js, and NestJS, with a passion for solving complex problems. My background in electrical engineering further enhances my ability to design and implement efficient backend systems. Seeking to leverage my skills to drive impactful solutions as developer.

Employment History

Full Stack Developer at Equilibrio Agency, Remote

FEBRUARY 2024 - PRESENT

- Improved the application performance by optimizing the back-end code.
- Developed a full-stack web application that handled concurrent users with minimal downtime.
- Created a RESTful API that allowed for seamless integration with other applications.
- Implemented a Responsive Design that allowed the application to be used on various devices with the same user experience
- Utilized serverless architecture to reduce costs and improve scalability
- Created a Continuous Integration/Continuous Deployment (CI/CD) pipeline that reduced time-to-deployment from 15 minutes to 2 minutes.
- Optimized database queries to improve application performance.
- Refactored legacy code to improve reliability, scalability and maintainability

Backend Developer at Digital Node, Remote

NOVEMBER 2022 - FEBRUARY 2024

- Developed a RESTful and GraphQL APIS to allow for interoperability between different systems.
- Developed features and optimized existing code to improve application scalability.
- Utilized GCP technologies to create a highly available and cost-effective backend environment.
- Worked closely with the front-end development team to ensure the smooth integration of the backend system.

Education

Electrical Engineering, Universidad Nacional Experimental del Táchira

Details

Cúcuta, North of Santander
Colombia
